The image shows a mobile application interface for "VENUEPILOT". At the top left is the "VENUEPILOT" logo. At the top right is a blue button labeled "My Bookings". On the right side of the screen is a dark grey sidebar containing a list of booking details: "Google Developers Group Hackathon", "1000", "Milan, Italy", "150", and "2026-05-25". A blue circular arrow icon is at the top right of the sidebar, and a blue arrow icon is at the bottom right. The main content area features a large white button with a blue border and a microphone icon, labeled "Start". Below this button is the text "Tap the button and speak to start booking". Above the button, there is a call-to-action text: "Let's plan your venue booking together!" followed by the instruction "Press the button below and start talking to book your venue."

The image shows a mobile application interface for "VENUEPILOT". At the top left is the "VENUEPILOT" logo with a blue circular icon. At the top right is a blue button labeled "My Bookings". The main central area has a white background with the text "Let's plan your venue booking together!" in bold black font. Below this is a subtext "Press the button below and start talking to book your venue." followed by a large blue circular "Start" button with a microphone icon. At the bottom of this section is the text "Tap the button and speak to start booking". To the right of this white section is a dark grey sidebar containing booking details: "Google Developers Group Hackathon", "1000", "Milan, Italy", "150", and "2026-05-25". A blue circular arrow icon is at the top right of the sidebar, and a blue arrow icon is at the bottom right.
